A story about Openyoudao

September 17, 2012

I am a freshman

History 2012–04–16 A boring Day!!!

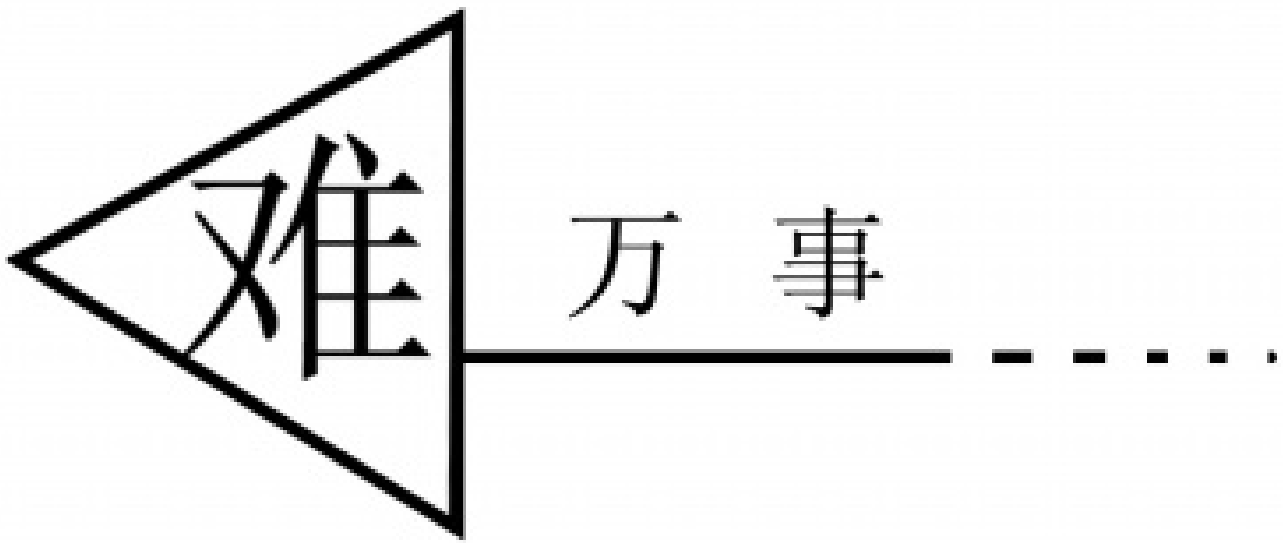
I am linuxer, Reading paper just so boring, I can't bear it any more!!!

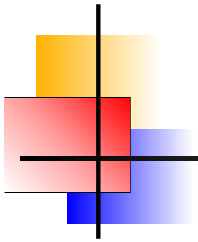
Why reading paper on linux just so diffcult?

The author of StarDict

Fuck! Writing a dictionary by myself

What shold i do? if i want to complete this program?

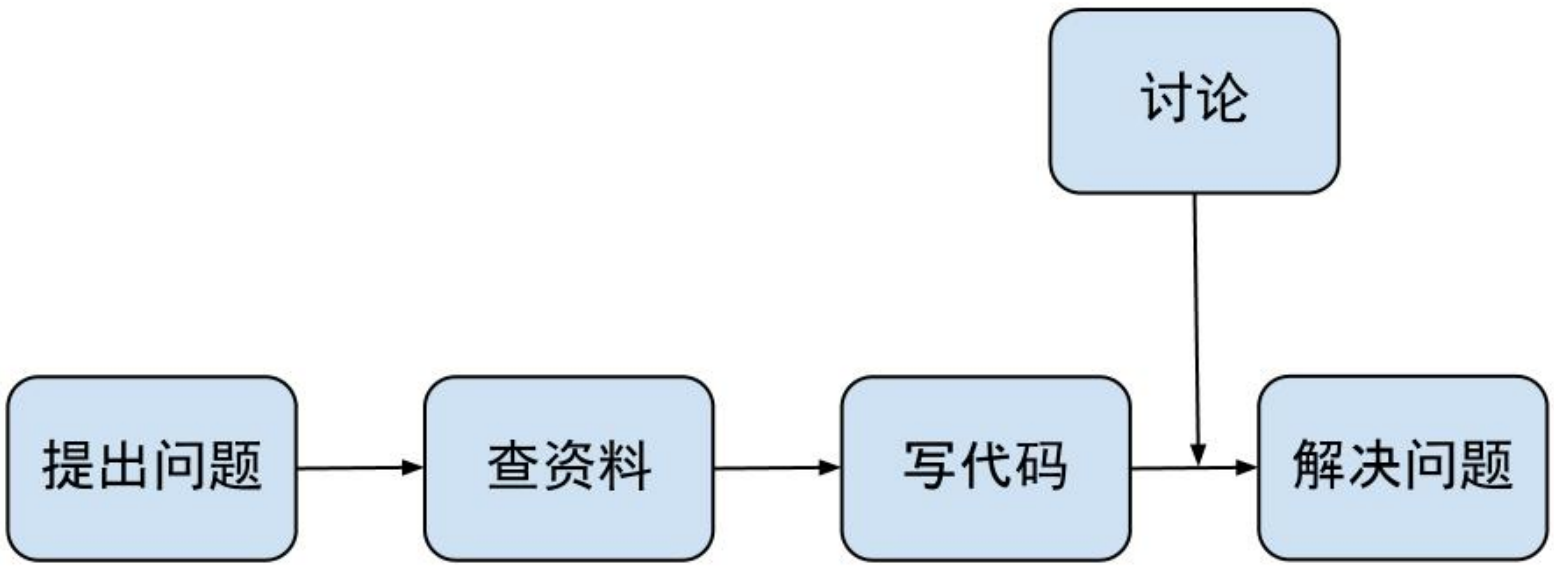




The question ask to myself

- What should i do first?
- How to take the word that i want?
- How to translate it?
- How to show it?

The fun of programming

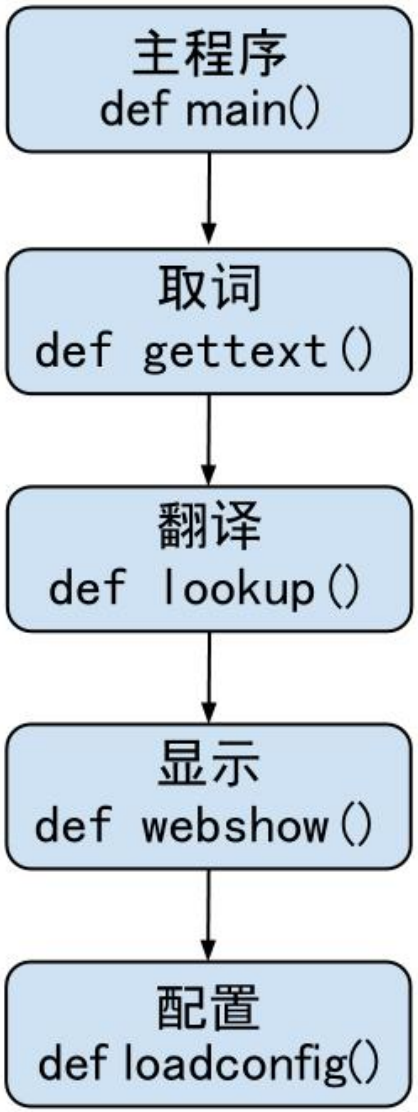


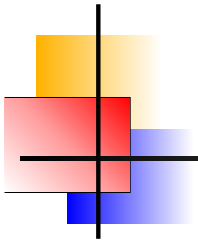
GeiLing...

2012–05–28 A new life born: Openyoudao v0.1

Openyoudao v0.1

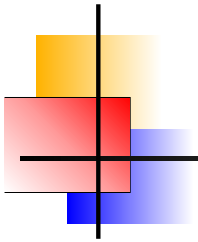
the structure of openyoudao





what I have learnt in this process?

- python
- git
- bash
- js/jquery
- sqlite
- pipe
- design mode
- team coding



To do Next...

Give me your suggestion...

what is open source spirit?
